Marine Parks Forever –

The Campbell River Yacht Club donates each year to the Marine Parks Forever Society. Our membership donates \$10.00 each to Marine Parks Forever, as a surcharge on the Annual Dues. CRYC issues tax refundable receipts for these individual donations. So far, for the 2017 year, a total of \$323.00 (net) has been raised to support Marine Parks Forever.

Thanks to your generosity we can continue to support this worthwhile BC charity. For more info, see <http://www.marineparksforever.ca/>

Editor's Notes

As the sailing season draws to a close, thoughts turn to the winter solstice and what kind of weather we can expect, as our boats lay dormant (for the most part) in their slips. Somehow I always seem to procrastinate on my “boat winterization” duties until the weather is totally uncooperative and then it makes it that much harder to accomplish what needs to be done. Also, I hold on to this dream that in the middle of winter, I’ll cast off the lines and embark on an epic mid-winter voyage to parts unknown. So again, there is an excuse to forego the winterization tasks that are so important to preserving the serviceability of one’s boat and systems.

So the topic of the October Meeting, “Winterizing Your Boat and Its Systems” is especially timely and informative to all members. I hope everyone can attend, and I’m sure that everyone can learn some important lessons which will help to preserve all boats through the inclement weather that we can expect during the coming winter months.

Reciprocal Moorage: More Benefits For CRYC Members!

In addition to local business discounts, the attractiveness of CRYC membership is augmented by the use of reciprocal moorage at many other participating Yacht Clubs, most of which are located at various points south of Campbell River. These include major population centers such as Nanaimo, Vancouver and Victoria. For members cruising south, this reciprocal moorage at other Yacht Clubs at much discounted rates represents a real benefit of membership.
